195 cfm Enclosed Engine Driven Rotary Screw Compressor

195 cfm @ 100 psi
180 cfm @ 150 psi

Features

- Industrial grade rotary screw airend
- Industrial grade drive engine
- Electric start drive engine
- Engine idle control to meet air demand
- High oil temperature shut down
- High air temperature shut down
- JIC quick connect air & oil lines
- Low engine oil shutdown
- Quick service compressor filters
- Vibration mounting pads
- 12 Volt compressor air & oil cooler pack*
- 220 PSI maximum working pressure

Package Options

- Battery for engine electric start
- Cold weather heating package
- Compressed air regulator control pack
- Cover color change
- Drive engine control extension
- High ambient temperature cooling package
- 6 or 12 gallon EPA, DOT rated fuel cells
- 6 or 30 gallon air storage tank

Model	cfm @100 psi	cfm @ 150 psi	Engine Brand	Auxiliary Fuel Tank Required	Length	Width	Height
R50DEC-ENC	195	180	Kohler Diesel	Yes	60	38	38

* Cooler pack to be mounted external to compressor system.
